1. A call was received from Mr. [redacted] B6 El Salvador, on Aug. 30, 1981. According to [redacted] during early August as he was driving on the highway between Santa Tecla and Santa Ana, he saw a body on the side of the road. He stopped to investigate and there he found the beheaded corpse of a man that he claims resembled John Sullivan. According to [redacted] the corpse did not have a beard but was about 1.80 mt. tall with brown hair and brown eyes.

2. We do not place much credence in this story. We are, however, attempting to contact [redacted] B6 and will follow up any leads he may provide us.
